2015 Catalog of Specialty Daffodils

This is year six for us offering specialty daffodils and we have many first time introductions from American breeders including Daniel Bellinger and Mary Lou Gripsolver both from Ohio who gave us stock to increase and we can now offer bulbs on a very limited basis. Ted Snazelle of Mississippi also has some new introductions which are offered here for the first time. Clay Higgins of North Carolina has some new standards as well as minis listed. Bob Spotts of California once again is letting us sell his unique green 'Mesa Verde' and the wonderful mini 'Otaki Pearl'.

We have a page full of offerings from New Zealand-our Kiwi Corner. Our love for that country is great and we think they are some of the top hybridizers in the whole world. These are bulbs we have turned around so no worries-they are on our hemispheric time now.

And with Mitch being the current Intermediate's Chairman for the ADS you can spot our other passion. There was a time when these little beauties were thrown away as being "failed" miniatures. This is no longer the case with many a show Purple Ribbon going to the Intermediate collection of five and being entered alongside their big brothers in the Quinn. We have made a separate listing at the end of the regular listings so you can easily pick them out.

If you are getting this list online then to view each flower on Daffseek simply click on the flower name and you will be hyperlinked to the appropriate page to see its description and picture. If you are getting this by mail then go to www.daffodilusa.org and at the bottom of the opening page is the link to Daffseek which you can use to look up each flower. Many thanks to Ben Blake & Nancy Tackett for this great resource! The ADS website is one of the best in the gardening world.

We had no problems with the USPS shipping last year and will continue to include insurance in the shipping costs to make sure there are no losses this coming year.

Please place your orders by August 15th, 2015!

Thanks so much, Mitch and Kate Carney

New Introductions: click on high lighted names to connect to the Daffseek page for each flower.

From **Daniel Bellinger** we have 'Stannard Rock' 2Y-O registered in 2010. It is truly sunproof and is very smooth and great form on strong stems. We were very impressed with this flower and think Daniel is an up and coming hybridizer here in the US. We are offering this on a first come basis as we only have a very limited number to sell. There is a limit of one per customer. [Stannard Rock](#) **Cost:\$40.00**

[Martha Kermizis](#) registered in 2007 by Daniel is named for his high school biology teacher. A sun proof flower, 2Y-O which is smooth and very good form. Very Limited. **Cost: \$35.00**

From **Mary Lou Gripsolver:**

[Hope Taft](#) 7W-O registered in 2006 and named for the former First Lady of Ohio whose gardens at the governor's mansion we got to see during the tour at the 2013 National Convention in Columbus Ohio. We have a limited amount to offer. **Cost:\$ 30.00**

[Final Curtain](#) a 3W-GYY very late blooming Intermediate. It is always the last flower to bloom in Mary Lou's garden-thus her name for it.

From **Clay Higgins:**

[Nikki Koko](#) an Intermediate registered in 2014 at 78 mm. A 2W-GYP which blooms early to Mid Season for Clay.

[Mesa Verde](#) which won the Pannill Award in 2015. Not new to our list but still the most unique! A 12G-GGY and it really comes out GREEN! It has many uses on the show bench but it also has a very long bloom time making it great for a long season in the garden too.
