### **2016 Catalog of Specialty Daffodils**

The 2016 daffodil year came very early and found exhibitors searching for the latest bloomers in their garden when the later shows rolled around. Some very clever exhibits were put together using the usually overlooked division nines. At our show in Chambersburg, PA there was a fine collection of poets in the section of cultivars with red or orange in cup. Suzy Wert's Throckmorton at Joe Hamm's show created quite the buzz on Daffnet as it looked to be all nines (but had a few late division threes that tend to look like nines anyway.) So we will list the season the daffodils are known to bloom in-but this does not always hold true as this year it seems to us everything was sort of mixed up! When you plant your bulbs can change bloom time too. We planted 'Rapture' very late and had great flowers at the end of the season.

This catalog has some **first time offerings**:

**'Happy End'** 7Y-Y by **Roberta Watrous** and **'Happy Ending'** 4W-W by **Mary Lou Gripshover** both are very late to bloom-perfect for the year we just had!

We also will list many new offerings in our “Kiwi Corner” for New Zealand bulbs. These are turned around so they are ready to bloom in our spring season. We are so fond of these flowers and have had very good luck with them on the show bench. They are

strong and sturdy and show the best of breeding with their form and smoothness. The hardest part is the name-if you can overcome the Maori used in the names-like **‘Kapu Karekare’** which is this beautiful flower on the left from **Graeme and Faith Miller** and is one of our new listings.

The Maori translation of the name means “wavy cup”.

From **Spud Brogden** here is a good one to start your season named **‘First Call’** 2Y-Y

We also have some offerings from **Clay Higgins** including his new introduction called **‘Bells Island’** a 5Y-Y mini registered this year. They sell for \$20. each and he only has 5 to sell. One per person please, first come first serve.

Another limited mini he is digging is Crevette 8W-O with only 4 available at \$30. each. It is a choice miniature from John Blanchard of England with the secret of its cup color arrived by waiting until the color is formed and not to pick too soon!

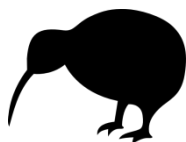

If you are getting this list online then to view each flower on Daffseek simply click on the flower name and you will be hyperlinked to the appropriate page to see its description and picture. If you are getting this by mail then go to [www.daffodilusa.org](http://www.daffodilusa.org) and at the bottom of the opening page is the link to Daffseek which you can use to look up each flower. Many thanks to Ben Blake & Nancy Tackett for this great resource! The ADS website is one of the best in the gardening world, please join the society!

We had no problems with the USPS shipping last year and will continue to include insurance in the shipping costs to make sure there are no losses this coming year.

**Please place your orders by August 15<sup>th</sup>, 2016!**

**Thanks so much, Mitch and Kate Carney**
