Introduction

Welcome to our third catalogue. This year we are pleased to be able to offer the following new cultivars;

- ❖ Nice Day and Jan Dalton from Clive Postles
- ❖ Mereworth from Frank Verge

We have also included some 'old favourites', which although have been available on the market for several years, are in our catalogue for the first time. I hope that you will be pleased with the variety of bulbs on offer.

Next year there will be an exciting new introduction from Clive; Gay Swain (seedling number 4-48-88). It is a superb new white double with a hint of lemon which will take a lot of beating on the show bench. Its parents are Gay Kybo x seedling, and Paul Payne won best seedling with it at Harrogate last year.

The rain has I am sure, presented us all with some challenges. Fortunately, Ron Scamp advised us to plant in ridges as our ground is fairly heavy and I am mightily glad we did – thanks Ron!

This is the first year that Clive Postles' varieties will be coming out of our ground and I hope that you will be pleased with the bulbs you receive. I am still very much a 'beginner' in the world of commercial growing and I know that I have much to learn. I guess growing and showing daffodils is one of those things where you never really stop learning.

Yours in daffodils,

Steve Holden
