**Introduction**

Welcome to our fourth catalogue.

This year we have an exciting new introduction from Clive Postles, Gay Swain (seedling number 4-48-88). It is a superb new white double with a hint of lemon.

As always the weather seems to be dominating the season, it looks like being an early season and then a late one and now an early one again. It seems that every year we say it's an unusual season!

Spring is such a wonderful time, after the bleakness of the winter there's nothing quite like seeing the bulbs come through the soil with the promise of a beautiful sight in March and April.

God definitely knew what he was doing when he invented the daffodil!!!!

Yours in daffodils,

Steve Holden
