TERMS, EXPLANATIONS, ETC.

Please read carefully

PLEASE place your order for bulbs NOW, for fall delivery; otherwise it is more than likely that we will be unable to supply them. The bulbs, -healthy, large blooming-size ones, -will be sent to you at planting time, in September or early October.

You may, if you wish, send only 25% of the amount with the order, and the balance C.O.D., when you receive the bulbs. If the full amount is sent with order, delivery charges will be prepaid.

Two bulbs may be purchased for one-fifth the dozen price; six at the dozen rate, and 100 for 7 times the dozen price.

The number following the name indicates the relative blooming season of that variety, -1- being the earliest and -6- the latest.

We are listing only a small number of OUTSTANDING varieties, we can supply many more; ask for prices on those you are interested in.

If you have no garden of your own, why not order some bulbs, as a gift, for a flower-loving friend who does have one.

COLLECTIONS

For those of you who do not know the different varieties, but would like to have a representative selection, we recommend this **BEGINNERS COLLECTION** very highly; all are above the average in beauty, habit of growth etc., etc., -more than satisfactory in every way. One dozen each of King Alfred, Mrs. E. H. Krelage, Anna Croft, Milford-Haven, Brightling, Crystal Queen, Thalia, February Gold, Golden Sceptre, Cheerfulness and Horace, a \$15.70 value for \$13.50; six of each for \$7.00.

If you want something extra fine, for exhibiting at your Garden Club flower show, or just to have something better than "the other fellow", we suggest this **COLLECTION FOR THE CONNOISSEUR**: two each of Beersheba, Lord Wellington, Dick Wellband, Fortune, Daisy Schaffer, Mrs. R. O. Backhouse, Golden Perfection and St. Agnes, a \$28.90 value for \$25.00; one of each for \$13.50.

PLANTING NOTE

CAUTION: Daffodils and narcissi should be planted only in well drained soil; water standing around the bulbs causes them to rot in the ground.
